

Defining Product Office Roles & Accountability

Role: Product & Service Improvement Specialist

Company: Vodafone Group

Challenge

Teams experienced ambiguity regarding ownership, responsibilities, and decision-making authority within the Product Office.

My Role

I supported the development of a Roles & Responsibilities framework to improve accountability and operational effectiveness.

Actions Taken

- Mapped existing processes and stakeholders
 - Identified responsibility gaps and overlaps
 - Participated in development of RACI-style accountability models
 - Facilitated alignment discussions with stakeholders
-

Results

- Improved clarity of ownership
 - Reduced duplication of effort
 - Enhanced collaboration between teams
 - Strengthened governance structures
-

Skills Demonstrated

- Organizational Design
- Process Improvement
- Stakeholder Management
- Governance
- Product Operations
